## Summary

I was trained through Penn University in full-stack web development. Experienced in HTML, CSS, jQuery, JSON, React, MongoDB. Built numerous projects throughout the course of my training. Both solo and with a team. Learned both leadership and how teamwork drives development in the field. Experienced with trello and kanban to increase communication, management and problem solving in web projects.

Three years working with numerous EMR softwares in the Emergency department at Inspira Medical Center for Scribe America.

I then worked as a Scribe Ambassador for Scribe America at sites around the country introducing and developing scribe programs to numerous specialties and clinics. Successfully integrated every client into our system and set them up for long-term partnership with Scribe America.

3.7 GPA, 3.5 Science GPA.
